

WEEK OF MARCH 22, 2021

LOOKING AHEAD...

A weekly look at news and events in Gibraltar.

What is a Green Tier Legacy Community?

The Wisconsin's Green Tier Legacy Communities is a voluntary program that recognizes and rewards a community's environmental and sustainability performance.

Based on the many "green" efforts the Town of Gibraltar was already doing – from using natural lawn care services for Town parks and green spaces to installing the new programmable LED streetlights to name a few – the Town Board adopted a resolution in late 2019 that made Gibraltar the third Green Tier community in Door County.

The Green Tier Community framework focuses on six categories: health, energy, waste, land use, water, and transportation. Each year, the Town is required to submit an annual report that outlines its various "green" and sustainable accomplishments, in-progress projects and future projects within each category.

Currently, the Gibraltar Plan Commission heads the Green Tier efforts, but a successful Green Tier Community requires involvement from the *entire* community! If you're interested in being a part of this initiative, attending a Green Tier Community webinar or event, or if you have an idea for a "green" project you want to share, please contact the Town office.

Learn more about Green Tier in Gibraltar on the Town [website](https://gibraltarwi.gov).

The Town started taking a more natural approach to lawn care in Town parks and Town properties about three years ago.

Upcoming Meetings

**Special Meeting
with Closed Session**

Tuesday, March 23, 2021
