Chair Report: Harris reported the finger pier on the Island needs new cladding. No issues with the fuel system. Chase will be repairing the gap above the bathroom heaters.

Woerfel suggested scheduling to have the redi-rock removed.

Thyssen reported the signage for the parking lot is being worked on. Woerfel suggests having the drive-thru lanes painted. The parking lot at the dock could also use painting.

Dockmaster Report: Austin reported the mooring field has been labeled and will be cleaned and stickered in the off-season. Jeff took over from Al Pahnke and has been really responsive. Chase recommended having a back stock of mooring equipment. Inspections will be done in September. New apparel has arrived. Staff will have shirts. The parking passes are causing an issue. They are not sticking as well as in the past.

Fuel Barrier Removal: The water is down 18". It should be OK to remove the fuel barriers.

Motion: (Merkel, Hecker) to remove the fuel barriers. Carried.
