- Right of Entry Agreements
 - Chamber Island Wireless plan
 - List of private roads, condos and HOAs
 - Reschedule June monthly meeting
 - Dates for next committee meeting in July
1. **What are the dimensions of the gray box?** 21.5"x19.5"x6" (LxWxD)
 2. **Where does the box get placed?** Most often near utilities, you may choose a different location but it may not be covered in standard installation
 3. **Difference between competitors (such as Spectrum) and Bertram?** Bertram is not a shared network. It is an AON that dedicates bandwidth directly to the customer. So you are not sharing with your neighbors
 4. **What is the size of the conduit?** 1 ¼" running 2 lines in the ground, 3 lines if the ground is rock
 5. **What router is needed to connect?** Bertram recommends a Wi-Fi 6 router or a mesh-networking kit that is specified as capable of 1 Gigabit speeds.
 6. **What if I am not at my residence year round?** We offer a seasonal monthly rate of \$29.99 (only offered between Oct. 1-April 1)
 7. **Installation fees?** This is of no cost to you while the project is open. If you choose to have conduit ran up to your home, but no fiber then choose later on that you want service the installation fee is \$199.99
